To convert your Precious Moments® project to reflect other races, may we suggest the following color options for skin, hair and eyes. For better coverage, we suggest using 3 strands to cross stitch hair and 1 strand to backstitch 14ct./28ct. fabrics.

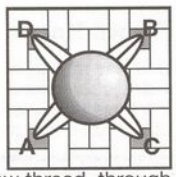
	Skin	Cheeks	Backstitch	Hair	Eyes
Light Flesh Tones	951	945	Face-3863 Eyes, Nose, Mouth-938 Hair-3371	938 & 3371	434 & 938
Medium Flesh Tones	950	758	Face-632 Eyes, Nose, Mouth-938 Hair-3371	898 & 938	434 & 938
Dark Flesh Tones	407	758	Face-632 Eyes, Nose, Mouth-938 Hair-3371	3371	434 & 938 or 3371 only

Loop Method:

Fig. 1 Fig. 2

(To use any time an even number of floss strands is called for --2, 4, or 6). When two strands are required, take one strand 30" long and fold it in half. Thread the needle and pull the loop end lower than the 2 cut ends. Bring the needle up through the fabric until the cut ends appear. (Fig.1) As the needle goes back through to make the first half cross, take the needle through the loop (Fig. 2) and it will **lock**, leaving no **tail** on the back of the fabric.

How To Add Beads:

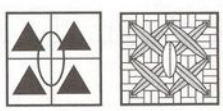


Add beads to your project after all other stitching and any necessary laundering is done. A #28 Tapestry needle or a beading needle is required for adding small beads. Use the loop method (see Figs. 1 & 2) to anchor one doubled strand of floss on the back of the project. Use the color of floss indicated in parentheses where beads are listed.

Bring the needle up where indicated on the chart by the symbol for beads (A) and pass through the bead (B). Pass through the fabric and then, if this is the beginning of the new thread, through the loop to anchor the thread (Fig. 1 & 2). Next, bring the needle up as if to cross a stitch (C), pass through the bead again and go down through the fabric (D) and anchor with a small securing stitch on the back.

Instructions for Eyes

When instructions read: "Add a little white stitch to eyes with 1 strand where marked ◊.", make a short stitch that just covers the intersection.



Special Notes

1-- Read special instructions on this page.
2-- French Knots: Use 1 strand of floss and wrap the needle once.

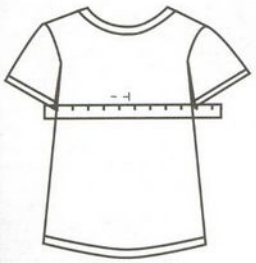
Cross Stitch on Clothing with Linen



Step 1

Step 2

Step 3

Step 4

Step 5

Step One: Choose clothing. Determine placement of design and where you would like the center of your design to be on the piece of clothing you have chosen to stitch. Mark the center with a straight pin.

Step Two: Prepare the fabric for stitching. Add 4" to 6" to the design area to determine the size to cut the fabric. Stitch the edges of the fabric to prevent raveling. Fold the linen in half top to bottom and baste a line using light colored thread from side to side along the fold. Fold again from side to side and baste another line vertically through the center of the fabric along the fold. Match the center of the fabric (where basted lines intersect) to the place marked on the clothing in Step One.

Pin the linen in place over the shirt. Baste the edges of the linen to the shirt; remove pins.

Find the center of the design on the chart. Count up and to the left (or right) to the desired starting place. Count the same number of stitches (count two linen threads for each stitch or chart square) on the linen to find the starting place. Mark with a pin. Place a hoop on the garment around the area where you will be stitching. Thread a needle with the proper color and number of strands and start stitching. On 20 ct. linen you will cross stitch with four strands and backstitch with one strand.

Step Three: Remove the basting threads that mark the center, after the design has been started, so that you don't stitch over them. Continue using the hoop. Work all the cross stitch first, then add the backstitch. Take care to make your stitches as even as possible, and use the stab stitch method (poke and pull) rather than a sewing method (in and out of the fabric in one motion). End your threads securely by running under several stitches on the back (at least six).

Step Four: After the stitching is finished - Pull out basting threads holding linen to clothing. Cut around the very edge of linen where it is slip stitched by hand or zigzagged on the sewing machine. Begin at any corner and pull threads of linen one at a time. Linen thread will come out from under cross stitch.

Step Five: Wash and press. Use cold water and mild soap to wash. Rinse in cold water. Press on reverse side of stitching. Now the clothing is ready to wear.
